Army Chief of Staff Gen. Omar Bradley pins the Distinguished Flying Cross on Sgt. Robert L. Hodgkiss in Washington. Hodgkiss was awarded the decoration in recognition of his heroism in a recent plane crash. The sergeant supervised the jumping of 35 paratroopers in the stricken plane, rode out the crash himself and helped to rescue injured crew members when the plane started to burn. Dewey Aide Says Cut Would Stop Building, Kill School Program

Assemblyman Stephens Says Mahoney Erred 3 Ways in Voicing Demand for Budget Slashes; Wicks' Illness Holds Up Action in Both Houses

Albany, N. Y., March 1 (AP)—Assemblyman D. Mallory Stephens said today that proposals by insurgent Erie county Republican legislators to cut the proposed budget by \$102,330,000 would "wreck all state construction."

Stephens, chairman of the Assembly Ways and Means committee, added that the proposals also would "strike a fatal blow at the state program for the common schools and for higher education."

Paltz Man Arrested As Drunk Driver

Lester Mills, Wm. Brazee Are Fined in Court; Swehla Fined

Lester J. Mills, R.D., New Paltz, was arrested on charges of driving while intoxicated and leaving the scene of an accident, following complaint of Charles DeCicco, 4 Walnut street, that his auto had been struck Monday afternoon.

Mills was given the choice of paying a fine of \$50 or spending 25 days in jail on each charge when he was arraigned this morning before City Judge Matthew V. Cahill, and William Brazee, 11 Mill street, who was riding with him, was directed to pay a fine of \$10 or spend 10 days in the county jail on a public intoxication charge.

Both had not paid their fines up until early this afternoon. DeCicco reported at 4:03 p. m. that his car, which had been parked in front of his home, was struck by another, the driver of which failed to stop.

At 4:10 p. m. a woman notified the police that a damaged auto was parked on Delaware avenue near Third avenue and one of its occupants suffered a cut on the face. This later proved to be Brazee, whose head, police said, crashed through the windshield. Officers James Burns and William Hanley, who had been dispatched to investigate on DeCicco's report, caught up with the two on Delaware avenue, after headquarters had relayed the woman's information.

George Swehla of High Falls, who was arrested Monday on a charge of failure to observe a stop sign at Wurts and McEntee streets, following a slight collision there, was directed by City Judge Cahill to pay a \$10 fine or spend 10 days in jail, and he was expected to provide the fine. He was arrested by Edward Scully of 28 Fair street.

Amendment Approved

Albany, N. Y., March 1 (AP)—The Senate approved today a proposed constitutional amendment to establish a point system for veterans' civil service preference. The vote was 50 to 4. Four Republicans voted against the measure. They were: William F. Condon, Raymond J. McGovern and Pliny W. Williamson, all of Westchester, and Edmund P. Radwan of Erie. Another preference proposal, sponsored by Condon, is before the Senate Judiciary Committee. It is expected to die there. The Condon amendment would make permanent the present absolute preference given disabled veterans.

Dutchess Board Asks Hatfield Seek Lower Tolls

Ten-Cent Toll Would Make Acquisition of Lands Possible, They Declare

State Senator Ernest I. Hatfield has been urged by the Dutchess County Board of Supervisors to seek a lower Mid-Hudson Bridge toll, the Poughkeepsie New York Herald said Monday.

The board placed itself on record in favor of the reduced fare through a letter to the senator after John Eighmie, chairman of the Poughkeepsie Chamber of Commerce bridge committee, had pleaded for "unqualified approval of the proposed Hatfield legislation."

The letter also urged the senator to make every effort to obtain legislation calling for a 10-cent toll on the bridge and for use of the tolls in acquiring lands for arterial highways in Poughkeepsie.

Eighmie, in asserting his stand on the proposal, contended that the legislation as drawn would apply only to Poughkeepsie because the proposed bridge at Kingston would be outside the city and Kingston therefore would not be eligible for arterial highway aid.

It was again contended at the session that Poughkeepsie "has carried the load" in paying for other bridges, and one supervisor contended that there was little hope for arterial aid under the proposed Hatfield amendment, and he urged that the bridge be considered separately by the authority.

Eighmie had contended in an earlier argument that the state is not apt to lose sight of the need for a bridge at Kingston when it advances its arterial route program.

Pennsy Refuses Check

New York, March 1 (AP)—The Pennsylvania Railroad is no longer picking up the check for the Long Island Railroad. Walter S. Franklin, executive vice-president of both carriers, said in a statement that the Long Island, Pennsy's wholly-owned subsidiary, "will have to stand on its own feet for everything from now on."

He declined to elaborate further. Last Friday, the Pennsylvania stopped honoring drafts of the Long Island to other railroads in payment for carrying interline freight and passengers. Other roads were instructed to present all such bills directly to the Long Island.

It will be up to Vice President Barkley to rule whether there can be any limitation of debate on a motion such as Lucas' to take up a resolution.

That's the point at which Lucas said he wants some Republican help. Last August Senator Vandenberg (R-Mich.) ruled as presiding officer that the debate limitation didn't apply in a similar case. This was in an effort by Senator Wherry (R-Neb.) to call up an anti-poll tax bill.

But if Barkley rules that the debate limit does apply in this case—and there are indications that he will because he disputed Vandenberg's decision last year—

lowed to talk alone until Thursday in their effort to prevent the Senate from passing on this proposition.

He predicted that a petition to invoke the debate-limiting closure procedure will be filed then.

Lucas, who heads the administration's forces in the Senate, said the Southerners will be allowed to talk alone until Thursday in their effort to prevent the Senate from passing on this proposition.

State to Begin Price Talks On Parcels Near Crossing

Committee Okays 1,500 Tax Aides

Bid for 7,000 Workers Is Turned Down as Burdensome in Cost to Government

Increase Asked

Hike in Postage Rates Recommended, Mostly for Second Class

Washington, March 1 (AP)—Funds to hire 1,500 new tax enforcing workers were approved today by the House Appropriations Committee.

But the committee thought otherwise and said that to add 7,000 employees would be "to approach the point of diminishing returns" in tax collections.

(Committee records showed that the addition of 1,500 enforcement workers would give the Internal Revenue Bureau about 50,000 employees in all. There was no breakdown as to how many of these 50,000 would spend full time in the enforcement field.)

At the same time, the committee called for a hike in postage rates, especially those on publications under second class permits.

The committee's action was in a \$3,072,817,903 bill making annual direct appropriations to the Treasury Department and Post Office Department for the year starting next July 1.

In addition, the committee approved so-called permanent and uncontrollable appropriations for the Treasury Department amounting to an estimated \$8,260,809,683. These include interest on the public debt and such items as the old-age and survivors' insurance fund and the employment trust fund administered by the Treasury. Interest on the \$251,600,000 national debt is estimated at \$450,000,000.

The direct and uncontrollable appropriations are \$99,848,846 less than the President requested and \$419,588,223 more than the same departments received for the present year. The increase was attributed primarily to salary raises granted postal and other workers by the last Congress.

The Treasury's share of the total direct appropriations recommended for next year is \$1,027,403, a cut of \$65,386,046 from budget requests. The \$2,045,205,500 recommended for the postal service is \$34,462,800 below what the President requested.

Bill Is Carded

The bill is carded for House debate Thursday and passage Friday. It has not yet been considered by the Senate.

The committee approved \$220,500,000 of the Internal Revenue Bureau's request for \$232,768,000.

In rejecting the request for 7,000 more enforcement workers, the committee intimated its belief that the full number requested might cost more than the benefits to be received.

The committee said, however, it "feels that the average citizen of this country, who makes an honest, frank income tax return, should not be penalized by the failure of the bureau, through a shortage of employees, to collect what is properly due the government."

Clay Plan Protested

General Would Have Germans Build, Operate Ocean-Going Vessels

Washington, March 1 (AP)—Government agencies were reported at odds today over a proposal from Gen. Lucius D. Clay to let the Western Germans build and operate ocean-going ships.

It is a major policy issue which involves Britain and France and the cold war with Soviet Russia. Officials said American viewpoints are so conflicting the decision almost certainly will be put to President Truman—one of the signers of the 1945 Potsdam agreement which prohibits the building by Germany of "all types" of seagoing vessels.

Representatives of American ship operators and maritime unions have filed sharp protests with the State Department against any revival of Germany as a world shipping rival.

Two Physicians Are Hurt In Accident on Icy Road

Snowstorm Covers Most of State; Four Deaths Are Result

Albany, N. Y., March 1 (AP)—A snowstorm that blanketed most of the state and caused at least four deaths changed to light snow flurries early today.

The Weather Bureau reported that the flurries probably would continue most of the day.

The brunt of the storm hit the southeastern section with the depth ranging up to six inches in New York city late last night.

The Weather Bureau said the temperature would be in the vicinity of 25 over most of the state this morning and would start dropping this afternoon.

The bureau predicted winds ranging from 24 to 30 miles per hour during the day, but said they would diminish tonight.

The depth of the snow in the upstate area ranged from seven inches to three at Buffalo.

State police said highways were hazardous over most of the state, with the roads in the central and south central sections particularly dangerous.

In New York city, three men collapsed yesterday while shoveling snow and one man was killed at Genoa when his automobile skidded on a curve and collided with a truck.

Planes were grounded at La Guardia Field, Albany and Syracuse, and several flights out of Buffalo were canceled.

Heaviest of 1949

New York, March 1 (AP)—The heaviest snowfall of 1949 left the metropolitan area under snow, ice and slush today.

The fall in New York city varied from 5 inches at the Battery to ten inches in the outlying sections when the snow ended at 6:20 a. m. (E.S.T.), the Weather Bureau said.

The snow began at 4:30 a. m. yesterday. Winds and below-freezing temperatures during the night caused drifts and ice on streets and sidewalks.

Driving was hazardous in many sections, but roads in the metropolitan area were reported open.

The prediction for today was occasional snow flurries in the morning, clearing weather in the afternoon with a high of 30 degrees, followed by clear and cold weather tonight.

A crew of 4,100 sanitation department workers was at work today.

Adjuster Is To Visit City Next Week

Agreements Will Mark Latest Step in B'way Project, Official Says Today

Have Moved Fast

State Has Been Swift in Following What It Said Would Come

Negotiations between state officials and property owners in the Broadway crossing project area will begin next week, a state official said today.

State men under the direction of Gerald L. Flewelling, senior land and claims adjuster, who operates out of the Poughkeepsie office of the state public works department, will begin interviews next week in attempts to reach agreements on the properties required for the project.

This action will begin within less than two weeks after the filing of maps at the Ulster County Clerk's office which represented the state's first actual "go ahead" signal on the start of the project.

State Has Access

Under state law, officials on the project now have access to the property and the way is open for advertisement for bids and the subsequent letting of contract.

J. B. McMorran, chief engineer of the state public works department, said at the meeting in the city hall Feb. 15 that the project is expected to be under contract by early summer.

The state's next step, meanwhile, is to reach agreements with the individual property owners on adjustments, and records of the department for more than 20 years showed that 97 per cent of the adjustments on all similar projects were by agreement between property owners and the state.

Wherever agreements are not reached the property owners have recourse in filing claims against the state in the Court of Claims through necessary data and witnesses.

Merchants and other tenants in the project area, meanwhile, still find themselves with the same problems as when the state first indicated last month that it meant business.

Strictly Local Problem

State officials indicated at the meeting here that the relocation of property holders and tenants in the area is strictly a local problem, and that it was not going to halt the project for the solution of local problems.

E. B. Hughes, director of the state Bureau of Rights of Way and Claims, emphasized at the local meeting that tenants in the area and other public spirited residents of the city should cooperate with George W. Moore, local realtor, who has been assigned by the state to assist in relocating tenants now in buildings designated for renovation or

P.S.C. Will Resume Hearings on Trains

Wednesday at 10:30 o'clock the hearing before the Public Service Commission relative to the change of schedule of trains on the Catskill Mountain Division and the withdrawal of certain trains from the West Shore Division will be resumed.

Several hearings have been held before Engineer Williamson of the commission. At the last hearing testimony on the part of the opposition to the petition was concluded and the railroad offered testimony in support of its petition to alter the schedule. At the hearing Wednesday at the court house additional testimony will be offered on the part of the New York Central Railroad.

Nationalist China Shows Concern Over Three Events

Nanking, March 1 (AP)—Nationalist China, wrestling about for a peace formula, today was deeply concerned with:

1. The apparent desertion of her biggest warship, the British destroyer cruiser Chungking, reportedly at a north China Communist port.

2. A reported attempt to kidnap acting President Li Tsung-jen by the Chinese Communists.

3. A newspaper report that the Reds were dropping their demand that "war criminals" be punished as a condition of peace.

4. Mounting pressure for the banishment of Premier Sun Fo.

The Chungking, the former British cruiser Aurora, disappeared from her anchorage at Nanking. She carried a complement of 450 men—mostly British trained.

The best information was that she sailed on spurious orders. She

was one of the navy ships not supposed to move without orders from Adm. Kwei Yung-ching, Chinese navy commander in chief.

Admiral Kwei reportedly was in Shanghai trying to find out what happened to the ship.

Sources here said she sailed from her Yangtze anchorage with her men and was presently tied up at Chefoo, Communist Shantung port.

The cruiser, which carries six 6-inch guns, was a gift from Britain and was delivered at Portsmouth, England, on May 19, 1948.

Shen Pao, Shanghai's second largest newspaper, reported wholesale arrests bailed a plot to kidnap acting President Li.

Underground workers of Li Chien-sen, South China opponent of Chiang, and Communist agents sought to seize Li and other leaders, including the Communist "People's Government" Chairman

Syracuse Fires Football Staff

Syracuse, N. Y., March 1 (AP)—The Syracuse University football staff, including head coach Reeves (Ribs) Baysinger, was fired today.

The mass dismissal was made public in a report by Vice-Chancellor Finla G. Crawford.

The coaches were discharged by the university board of trustees.

Believed besides Baysinger, were Lew Newton, Ralph (Chubb) Simmons, Bill Johnson, Bill Eschenfelder and Bill Simon.

Backfield Coach Roy Simmons also was relieved of his duties as a grid mentor but was retained as head coach of boxing and lacrosse.

The wholesale dismissals resulted from a disastrous 1948 season in which the Syracuse football team won only one out of nine games.

The report announcing the dismissals was based on an investigation by a fact-finding committee of the board of trustees.

Lewis B. Andreas, director of athletics, who also serves as varsity basketball coach, received a vote of confidence from the board.

Sailor Is Wounded

New York, March 1 (AP)—Paul Lyman, 20, a sailor attached to the U. S. S. L. R. 100, was shot twice in the abdomen and critically wounded early today by a policeman on sick leave in an argument over Communism.

The shooting took place in a downtown tavern. Lyman said he overheard the policeman, Michael Blanche, 42, discussing Communism with another man. He said Blanche struck him with a black-jack when he objected to the conversation. The black-jacket said the policeman later followed him from the tavern and shot him twice. The navy said Lyman's home was in Gary, Ind.

Desmond Bill Killed

Albany, N. Y., March 1 (AP)—The Senate defeated by a 40 to 13 vote today a bill which would have empowered cities, counties, towns and villages to prohibit advertising billboards on roads designated by them as "scenic highways."

The measure was sponsored by Senator Thomas C. Desmond, Newburgh Republican.

Garbage Collectors Ignore Instructions

Yonkers, N. Y., March 1 (AP)—Striking garbage collectors today ignored an order to return to work or forfeit their jobs.

The order was issued by Acting City Manager John A. Peterson yesterday after two unions representing city employees of the Public Works Bureau instructed some 500 members not to report for work.

The union action, taken because 18 workers had been suspended, stopped all garbage collection and snow removal by city employees at the height of the heaviest snowfall of 1949.

The city's main traffic arteries were in good condition despite the snowfall of nine to ten inches.

Westchester County Public Works Department crews and equipment cleared county roads through the city and the Yonkers Railroad Co. had its trolley and truck plows out to clear its eight trolley routes. Three independent bus lines plowed their routes and many residents cleared crosswalks and gutters with shovels.

Matthew W. Kelly, public works commissioner, said the union men failed to follow orders to return to their jobs. He did not announce the city's next move.

Two Pupils Arrested On Shakedown Charge

New York, March 1 (AP)—William Merit, 14, was on the rack.

A diabetic, he promised his mother he would never fight, police said today. But two boys in his Manhattan high school threatened to beat him up regularly.

To solve the problem, police said, he began paying \$1 a week tribute to the juvenile shakedown duo.

Sombody talked—not William. Detectives moved into the school quietly. They gave William a marked \$1 to pay as tribute. As he paid the shakedown money between classes, detectives arrested the pair.

Juvenile delinquency charges were placed against the two. Police said if they were one year older they would have been charged with extortion.

Says Jurors Handpicked

New York, March 1 (AP)—Senior Federal Judge John C. Knox, called as a witness by the defense in the trial of 11 high U. S. Communists, testified today federal jurors here are "handpicked."

The defense subpoenaed Judge Knox as part of its challenge to the jury system "which has held back the start of the actual trial of the Communist leaders for six weeks. Judge Knox said he decided several years ago that the method of jury selection in his district needed revision. He said his "hand-picked" method consisted of using names from such sources as the Social Register, Who's Who in New York, lists of college alumni, and lists submitted by large business firms.

Man's Body Found

Calais, Me., March 1 (AP)—An 18-lb. N. Y. man's body with a bullet wound in the head, was found in a hotel room yesterday. Medical Examiner Norman Cobb said Frederick J. Foley, about 26, had committed suicide. County Attorney Francis E. Day said that Foley had been living at the hotel since February 10, when he was refused entry into Canada at the border station here. Foley told border officials he was a war veteran and had recently been released from a veterans' hospital, Day said.

'Atomic Motor'

To demonstrate the principles of atomic energy for the layman, scientists have built an "atomic motor." Seven copper spheres, mounted on a plastic sheet, are driven by the 200,000-volt charge of a model atom smasher. The wheels spins at speeds up to 100 revolutions per minute.

EAT WELL for Less

Serve canned shrimp chowder New Orleans style, with rice.

By GAYNOR MADDOX NEA Staff Writer

Large bowls of steaming hot shrimp chowder is a good Lenten menu suggestion. The price of canned shrimp is running about 20 per cent lower than last year. Canned peas, used in the recipe, are in the bargain list. And rice, served with the chowder, is inexpensive.

The shrimp are packed in 5-ounce cans in jumbo, large, medium and small sizes.

Shrimp Chowder (4 servings)

Four tablespoons butter or fortified margarine, 1/2 cup diced celery, 1 large onion, chopped, 1/4 cup chopped green pepper, one 5-ounce can shrimp, 1 No. 2 can peas 1 No. 2 can tomatoes, 1/2 teaspoon chili powder, 1 bay leaf, 2 cups hot cooked rice.

Melt butter or margarine in saucepan. Add celery, onion and green pepper; cook until onion is tender but not brown. Drain liquid from shrimp and peas; measure and add water to make 1 1/2 cups. Add to saucepan with tomatoes, chili powder and bay leaf; cover and cook over low heat 20 minutes. Add shrimp and peas; cover and simmer 30 minutes or until slightly thickened. Serve in soup bowls with mounds of rice in center.

Britain Gets Bad Storm

London, March 1 (AP)—Gales whipped Europe and Britain to lay killing at least 19 persons. Scores were injured and heavy property damage resulted from the tail and lash of a mild winter. War-damaged buildings collapsed in Germany killing 17 persons, 10 of them in Cologne. A man died in Rome when winds toppled the walls of a building. The roof of a

Yorkshire, Eng., house was blown in killing a woman.

Reports Auto Struck

Lawrence Feasel, 231 West Chestnut street, reported to the police at 4:12 p. m. Monday that his auto had been struck while it was parked in front of 311 Hasbrouck avenue. The car was damaged on its left front and side, he said, and the driver responsible, failed to make himself known.

ment from those who would not voluntarily make a correct return."

It said the extra 1,500 employees approved should be enough for the job.

In a plea for funds for the full 7,000, Secretary of the Treasury Snyder said the enforcement staff is undiminished and "I have no way of knowing the precise amount of uncollected taxes."

George J. Schoeneman, commissioner of internal revenue, told the committee that dollars invested in enforcement work "will return themselves manifold in the form of additional taxes that are lawfully owing to the government."

Schoeneman said that in 2,971,113 tax returns examined last year, additional revenue was obtained in half the cases—a total of 1,897,015,000. He didn't know how much would have been recovered if the 79,736,000 returns which were not investigated had been closely examined but said the extra revenue per front-line enforcement officer averaged \$89,270.

The committee approved in full the \$1,560,000 budget of the Bureau of Narcotics and granted \$35,300,000 of the \$35,950,000 requested by the Customs Bureau and \$3,054,000 of the \$3,165,000 sought by the Secret Service. It did this after hearing reports of increased activity in counterfeiting, smuggling and the illicit drug market.

For stockpiling strategic and critical materials that would be needed in the event of war, the committee approved the full request of \$775,000,000, including \$525,000,000 in cash and \$250,000,000 in bonds.

There were no big cuts recommended in any of the postoffice items but the committee called for "favorable action" on a departmental request for higher rates to help offset an estimated operating deficit next year of \$403,672,300.

Drivers' Strike May Spread Out Of New York Area

New York, March 1 (AP)—A drivers' strike here, which has caused the city's six major baking companies to shut down, may spread beyond the metropolitan area, union officials indicated today.

The shut-down, which left 1,800 driver-salesmen and 4,500 production workers idle, thus far failed to cut deeply into the city's bread and cake supplies.

Although the closed bakeries normally supply 70 per cent of the wrapped white bread for the New York metropolitan area, other bakeries were able to step up their output and no real pinch was felt.

The strike began Sunday night at the Continental Baking Company when 300 driver-salesmen walked out in a wage dispute. Five other bakeries stopped production in sympathy with Continental and directed their employees not to report for work.

Edward Godfrey, secretary of Local 550 of the A.F.L. International Brotherhood of Teamsters, which called the strike, said he expected it would spread to New Jersey by the end of this week.

C. Clifford Jenson, secretary of the New York Bakery Employers Labor Council, said the bakeries do not intend to resume negotiations with the drivers' union "until it gets sensible."

"We're prepared to sit it out,"

he said. He added that an offer of a \$3 a week increase, which the drivers have rejected, "is the best we can do."

The union has demanded an increase in the guaranteed weekly wage from \$55 to \$65, a five-day week instead of the present six and other contract improvements.

Immanuel Slates

Lenten Services

The annual series of Lenten meditations will be inaugurated at Immanuel Evangelical Lutheran Church on Livingston street tomorrow evening, Ash Wednesday at 7:30 o'clock. The organist, Waldemar Bloch, will give an organ recital of seasonal selections before each service, beginning at 7:15.

Meditations will be held at the same hour Wednesday evenings during Lent. During Holy Week a service with Holy Communion will be held on Maundy Thursday, April 14, at 8 o'clock.

The Rev. Ernest L. Witte will preach on the following themes: March 2, An Example of Faithful Service; March 9, A Fellow Bear of a Cross; March 16, The Malefactor on the Right; March 23, A Mother with a Fleece; March 30, A Loving Disciple; Easter Sunday, April 6, Centurion is Convinced; April 14, Jesus All Glorious. The public is invited to attend.

Lutheran Services

Ash Wednesday will be observed at St. Paul's Evangelical Lutheran Church, 355 Hasbrouck avenue, with a vesper service at 7:45 p. m. The sermon to be preached by the pastor is "Rend Your Hearts." Special music will be sung by the choir under the direction of Henry LaTour. Miss Marion Marquart is organist.

Schedule Is Curtailed

Boston, March 1 (AP)—The Old Colony Line of the New Haven Railroad today operated on a curtailed schedule supported by a federal court injunction preventing interference by the Massachusetts Public Utilities Department. Under the new schedule—adopted for "economy reasons"—114 trains were dropped from the line which serves thousands of commuters in southeastern and eastern Massachusetts. The curtailment leaves 87 trains operating.

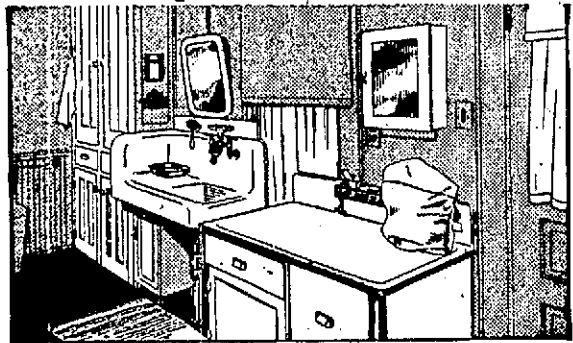

March Enlistments Stopped

Washington, March 1 (AP)—The Marine Corps has suspended March enlistments except for 18-year-olds and a limited number of women. Because of increased reenlistments and a cut in strength of the corps, the March quota for 18-year-olds has been set at 500. Enrollments of volunteers in the Marine Reserves will continue. There is no quota on this group.

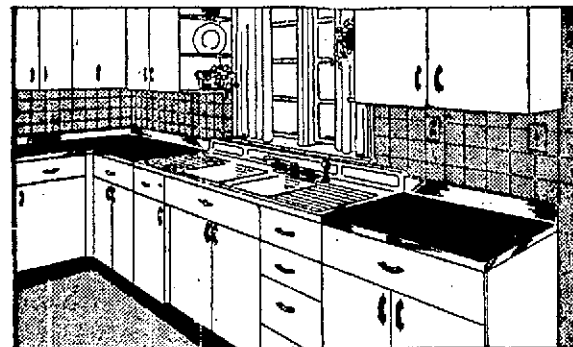

A true and interesting fact is that unless it had proven value and merit, no amount of advertising could possibly have built up the reputation that **FATHER JOHN'S MEDICINE** has earned and maintained since 1855 for the relief of coughs due to colds by its soothing effect on the throat.

Riding Club Schedules

Events for the Future

Woodstock, March 1—Events scheduled for the Woodstock Riding Club prior to its third annual horse show Sunday, June 26, were announced by the entertainment chairman at a meeting in Bearsville last Thursday night. A pot luck supper will be served for members and their guests on Saturday evening, March 19; a square dance to which the public will be invited during April, and on June 23 the horse show dance will be given at the town hall.

It was also reported that during the week preceding the show, a special exhibition of paintings and drawings will be hung in Denise's gallery room. Unanimously elected to membership were Harold C. Dorothy and Elaine Van Vliet, Kingston and Mrs. Cornelius Sewell, Woodstock. Mr. and Mrs. Victor Cannon were also unanimously elected as honorary members.

The grounds committee, under the chairmanship of Frielan Van de Bogart, was authorized to locate the ring on the club's new property and arrange for it to be moved from the Chestnut Hill location as soon as is practical.

Donald Warren, chairman of educational activities, was instructed to register the organization's protest by resolution with regard to the discontinuance of the U. S. Army Olympic jumping team, with Senators Irving M. Ives and Robert F. Wagner and Representative Jay LeFevre.

To Start New Plastic Tile Business in Lake Hill

Woodstock, March 1—Chester F. and Jean Lasher Gaede have announced the organization of a new business dealing in plastic tiles. They will operate under the name of De-Gae Company, Lake Hill.

The new enterprise will consist of installing plastic wall tiles, flooring and counter tops as well as stainless steel mouldings and Venetian blinds.

These two young people served in the armed forces during World War 2. Chester Gaede was with the marine corps in the South Pacific while Mrs. Gaede served with the Wacs.

Girl Scouts

Woodstock, March 1—With the accent on summer camping, Girl Scouts of Troop 29 are becoming quite expert in tying knots, as well as learning other camp craft skills which will be useful when they visit Camp Wendy.

Wittenberg Supper

Woodstock, March 1—Members and friends of the Wittenberg Methodist Church are cordially invited to attend a covered dish supper at the church hall this evening at 6 o'clock.

Pachner's Painting to Be Exhibited During Lecture

Woodstock, March 1—From time to time inquiries have been received from readers with regard to the three large canvases Israel Jacob and the Angel, and Moses, by William Pachner, which were exhibited during the past month at the American Associated Artists Gallery in New York.

The well-known art critic, Emily Genauer, we learn has requested that "Jacob and the Angel" be exhibited in Town Hall, New York, on March 9 when she will lecture on contemporary art. "Moses" has been invited to the Corcoran annual exhibition in Washington this month.

Village Notes

Woodstock, March 1—Mrs. Houston Richards has returned from a few days visit in New York. While there, she was entertained by Howard Lindsay and Dorothy Stickney, principals in "Life With Mother."

Twenty-six friends of Mrs. Ernest Gardner surprised her on Thursday evening with a stock shower.

Mr. and Mrs. Newton Shultis have returned from Florida.

Mrs. Ina Shultis, who has been confined to her home because of illness, is now reported much improved.

Mrs. Ida White returned to her home from the Benedictine Hospital on Saturday.

John Wolven was admitted to the Benedictine Hospital Sunday.

Friends of Playhouse

Organize for Summer

Woodstock, March 1—Committees of Friends of the Woodstock Playhouse have been organized in Woodstock and Kingston. In Saugerties and Catskill, committees

are in the formative stage. The Woodstock committee includes Mr. and Mrs. Fletcher Martin, David Huffine, John Pike, Norbert Heerman, Mr. and Mrs. Edward L. Chase, Mrs. Warren Hunt, Mr. and Mrs. Joseph Fornan, Mrs. William Y. Boyd, W. Jerry Jeronimek, Mrs. Roland d'Albis, Sam Wilson, Mrs. Adolph Hecker, Howard Howard Mandel, Reginald Wilson and Isabel Doughty.

The first meeting of the Kingston committee will be held, March 8 at 8 p. m., at the home of Dr. and Mrs. H. L. Bibby. This committee includes Raymond Garaghan, the Rev. J. Dean Dykstra, Dr. and Mrs. H. L. Bibby, Miss Florence Cordts, Rabbi Herbert I. Bloom, Mrs. Raymond Gross, Paul Sturges, Adrian Kaplan, Walter Donnaruma and Mrs. Sam N. Mann.

Fabian L. Russell is a member of the Saugerties Committee. His son, Robert Russell, will be chairman.

The purpose of the committee above mentioned will be to promote interest in the community theatre and through membership make the theatre available to a larger percentage of the public.

State Business Gives Way to Love in Idaho

Boise, Idaho, March 1 (AP)—Appropriations and filibusters took a back seat to love in the Idaho House of Representatives yesterday.

The state's business was drowned ahead when Rep. E. A. Snow, Council, Idaho, Republican, rose on personal privilege.

"Will the lady from Ada (count) yield to a question?" he asked. Comely Republican, Edith Miller, a Boise city judge, rose to her feet. She said she would "yield" but declared "I don't know whether I'll answer it or not."

Very deliberately Snow asked: "Will the lady from Ada be willing to marry me?"

Miss Miller blushed. She sat down.

Acting Speaker Larry Mills gavelled the laughter to silence and ruled that "the question is leading. The lady does not have to answer—at this time."

Some time later, Miss Miller took the floor.

"After due and serious consideration," she intoned, "I accept the proposal of the gentleman from Adams."

Snow was prompt in rebuttal. Such an acceptance, he said, should be followed by a kiss.

The lady from Ada and the gentleman from Adams left the House floor for a brief recess.

Sales Tax Reduced

Syracuse, N. Y., March 1 (AP)—This city's two per cent sales tax, in effect for a year, was reduced to one per cent today. The sales tax has yielded the city an estimated \$3,500,000. Fred L. Dolbear, who estimated the total collected under the two per cent levy, noted that under the new schedule purchases from one to 24 cents are exempt from tax. A one-cent tax is paid on purchases from 25 cents to \$1.39, and two cents for \$1.40 to \$2.39.

Miss Strong Is Ill

New York, March 1 (AP)—Anna Louise Strong, 64-year-old writer expelled from Russia on espionage charges, has been excused because of illness from appearing today before a federal grand jury investigating subversive activities. The Justice Department agreed yesterday to her lawyer's request for delay in her appearance. Miss Strong testified before the jury last Friday, a day after she arrived by plane from Russia.

HOME BUREAU**Bread Important**

For good health, bread is one of the important foods in the daily diet; but because it is so plentiful, it is often just taken for granted and given little thought one way or the other, according to the Ulster County Home Bureau. It bolsters the daily menu perfectly and should be included in every meal.

The nutritive value of bread commercially prepared has been considerably enhanced by reason of present-day regulations. Buyers know what they are getting. Simply by reading the wrapper one can learn the percentage of milk

solid, also of white, whole wheat or rye flour included in the ingredients.

Two slices of enriched or whole wheat bread eaten at each meal will furnish a little better than one-third of the iron and one-third of the thiamine needed daily.

Recently, 27 Ulster County Home Bureau members received help on the making of curtains and draperies. The homemakers present learned how to make a sheer curtain, lined drapery and French pleats. These leaders present at the training school will give help to their own members at future meetings. Mrs. D. Tinnic and Mrs. Leavy Myers, Port Ewen unit. Mrs. E. J. Lynch, Centerville. Middletown Man Injured in Plane Crash on Sunday

Elmer Roosa, 40, of Beakes avenue, Middletown, suffered a fractured leg and other injuries when his airplane crashed on take-off Sunday afternoon at his brother's field in Stone Ridge, state police at Lake Katrine reported today.

Roosa was taken to Horton Memorial Hospital, Middletown, where his condition was reported as "good" today. His 12-year-old son, Edgar Parker, who was with him in the plane, was not hurt, state police said.

The accident occurred as the two were taking off about 3:45 p. m. Sunday after a visit with Stanley Roosa at his place just west of the village of Stone Ridge. Apparently one wing of the Piper Cub struck the ground and caused the plane to crash, state police said.

State police and the Ulster county sheriff's department said Monday afternoon that no report of the accident had been made and the first they learned of the crash was after several inquiries had been made by area residents. An investigation was begun this morning by troopers from the Lake Katrine sub-station.

Snow Halts Airlift

Berlin, March 1 (AP)—Berlin's first big snowfall of the winter halted the airlift temporarily today. Planes began landing again shortly before noon, however, as the weather improved.

Russians Reduce Prices; Housewives Check Their Items

Moscow, March 1 (AP)—Soviet housewives headed for the food stores today to see what the government's new price reduction decrease means in the market basket.

A decree signed yesterday by Prime Minister Stalin and G. M. Malenkov, secretary of the Communist Party's Central Committee, ordered immediate price cuts in 45 classifications of food, clothing and other goods.

Bread, butter, fish, and canned goods were ordered cut by 10 per cent, cheese by 20 per cent, and many articles of clothing by 12 to 20 per cent. But in most cases the shoppers had to wait until the opening of stores to learn what the decree meant in the price of specific items. Most stores had employees working until late last night marking goods with the new prices.

The Soviet press printed columns of favorable reaction. True, Soviet trade union paper, said in one headline: "With all heart we thank Stalin. Living is becoming better all the time."

All Bad But Russia

London, March 1 (AP)—Things are tough all over—except in the workers' paradise.

Who says so? The newspaper Pravda, official mouthpiece of the central committee of the Russian Communist Party.

A Pravda editorial broadcast by the Moscow radio said new price reductions in Russian show the immeasurable superiority over the "decaying capitalist system."

Among the things you never knew, till now, Pravda said: "According to calculations made in the U.S.A. every seventh citizen of an American town goes hungry. * * * ten millions of rural population live in dire need. At the same time the imperialists profits have

reached unprecedented levels and continue to grow."

This is true in all capitalist countries, Pravda said.

But in the Soviet Union—"The Soviet system has led our people onto the path of the free life of Socialism, filled with joyous labor and creative inspiration."

And the price cuts, Pravda added, will spur Russian workers to even more "joyous labor."

Do Soviet workers hate their bosses? Not according to Pravda.

The workers' hearts are filled with gratitude "to the party of Bolsheviks, to the Soviet government and to the beloved leader and teacher, Stalin, for their patriotic concern for the Soviet Man."

Standard Displays**New Carpet Fashions**

Standard Furniture Company, 267-269 Fair street, has executed a window display to show the new offerings during the first annual consumer Carpet Fashion Showing, March 1 to 10.

The new 1949 "models" in wool carpets and rugs are being shown to the public for the first time simultaneously at Standard and in stores throughout the country, exactly as they were shown to buyers at the winter market previews held for the trade.

The Carpet Fashion Show is sponsored by the Carpet Institute and its 17 manufacturer members. A total of 3,000 retailers are cooperating. It is the first nationwide promotion of the carpet at the consumer level.

Mohawk, one of America's leading carpet manufacturers, is featured in Standard's complete carpet department.

Standard Furniture Company stores in Albany, Troy and Schenectady are also cooperating in the showing.

Abraham Lincoln, Edgar Allan Poe, Kit Carson, Oliver Wendell Holmes, Lord Tennyson, and William Gladstone, all were born in 1809.

City Exposition Is Scheduled March 22 to 26th

A meeting of the Kingston Lions Club committee in charge of the "Kingston on Parade" exposition and automobile show to be held at the New York State armory on North Manor avenue during the week of March 22 to 26 inclusive, met Monday evening at the Governor Clinton Hotel to further discuss plans.

Banners will be erected at various points in the city publicizing the exposition. Arrangements have been made to have a large army searchlight in Kingston nightly, during the week of the exposition.

There will be prizes awarded nightly at the exposition and other features will include Broadway entertainment which will be presented twice each evening.

Kills Wolves From Plane

Moscow (AP)—Sergei Gorbunov has killed 338 wolves with a rifle fired from an airplane. A "Tass" dispatch from Kazane said that Gorbunov, a veteran of the last war, has been having great success from a PO-2 plane using an ordinary hunting rifle he killed 251 wolves last winter and during several flights this season he has slain another 87.

Time Is Relative
The secret of being punctual
It sometimes seems to me,
Is the art of guessing just how late
The other guy will be.
—Mrs. C. L. Archibald.

What a difference a little
comma can make—for instance,
put one in after the third word in
the following: "William Lyon Mac-
kenzie King of Canada."

He—And didn't you tell me that
several men proposed to you?
She—Yes, dearie.
He—I wish you had married the
first fool who proposed.
She—I did.

It's not difficult to meet ex-
penses these days. In fact, you
meet them every time you turn
around.

A mountaineer and his wife vis-
ited Chicago for the first time.
The husband was interested in
street pavements and concrete
sidewalks. Scrapping his foot on
the hard surface, he said: "I don't
blame them for building a city
here. The ground is so blamed
hard they could never plow it any-
way."

A grizzled old banker in a rural
town was being interviewed on his
successful career.
Interviewer—How did you get
started in the banking business?
Banker—'Twas simple. I put
up a sign sayin' Bank. A feller
came in an' gave me \$100. Another
came by with \$200. An' sir, by
that time my confidence had
reached the pint that I put in \$50
of my own money.

There isn't much to see in a
small town, but what you hear
makes up for it.

Union Services Are Scheduled Uptown For Lenten Period

The first of the mid-week union Lenten service series to be held in the uptown churches during the next six weeks, will be at the Clinton Avenue Methodist Church on Thursday evening at 7:45 o'clock. Rev. Dr. Ralph Houston, district superintendent of the New York district, will be the first speaker in the series.

Participating in the services will be the Rev. William R. Peckham, minister of the Clinton Avenue Methodist Church, who will preside. The Rev. Mr. Peckham will be assisted by the Rev. Arthur E. Ouderspool of the First Reformed Church and the Rev. J. Dean Dykstra, chairman of the series of services.

Musical will be by the members of the choir of the Clinton Avenue Methodist Church, the host church for the first service, under direction of Miss Amylou Milonig and there will also be a solo number by Mrs. James D. Gaddis.

The second service in the series will be on Thursday, March 10, at the First Dutch Reformed Church when the Rev. Dr. Roy L. Smith,

past editor of the Christian Advocate, will be the guest speaker.

On March 17, the Rev. Dr. Raymond I. Lindquist of the First Presbyterian Church of Orange, N. J., will be the speaker, services being held at the Eldersdorf Street Presbyterian Church.

March 24, the Rev. Dr. Henry Hitt Crane of Central Methodist Church, Detroit, Mich., will be the speaker at St. James Methodist Church.

March 31, the Rev. Dr. Edwin T. Dahlberg of the First Baptist Church in Syracuse will speak at the Albany Avenue Baptist Church. The final service will be on Thursday, April 7, when Dr. Frederick Zimmermann of the First Reformed Church in Albany will be the guest speaker. Services will be in the Fair Street Reformed Church.

in the postwar fund by \$80.9 million.

2. "He overstated the balance in the postwar fund for highways by \$21 million."

3. "He overstated the balance in the postwar fund for parkways by \$4 million."

Stephens said that Mahoney's proposal to strike out an extra \$400,000 recommended by Dewey for additional state aid to schools would undo the great benefits the state has conferred and proposed to confer upon our children in the public schools."

He added that by taking out \$10,800,000 of the \$12,000,000 for the state university "the senator would undo all the advances made in the establishment of the state university and the early development of sorely needed new medical and dental schools."

Lists Five Places

In his speech Mahoney listed five places he claimed Dewey's proposed budget could be cut without reducing services.

He proposed:

1—Reduction by \$58,530,000 of the \$89,000,000 appropriation asked by Dewey for capital construction, including a cut of \$8,800,000 in the \$10,000,000 proposed for the state university.

2—Elimination of the proposed \$40,000,000 additional state aid for education.

3—Elimination of the \$2,000,000 asked by Dewey for community colleges.

4—Reduction by \$500,000 of the \$832,000 proposed appropriation for the Commerce Department.

5—Reduction by \$1,300,000 of the \$1,500,000 recommended for purchase by the state of war surplus material.

"These savings," Mahoney said, "would result in the elimination of the recommended one cent per gallon increase in gasoline tax (now four cents) and would enable the taxpayer to deduct 25 per cent from the governor's recommended rate of 100 per cent of the normal personal income."

While Mahoney spoke, Republican Senator Pliny W. Williamson, introduced a bill calling for the same 25 per cent income tax cut.

Earlier in the session, he had introduced a bill to continue the present income tax collection rate which allows a 50 per cent deduction from the full legal rate.

Williamson heads the nine-member all-Republican Westchester legislative delegation which also is fighting to cut Dewey's record-high budget and its \$168,200,000 tax boost.

Finally Gets Medal

Belfast, Northern Ireland, March 1 (AP)—War hero Daniel Bono finally got his medal. After what officials termed "some delay" Queen Victoria's South African war medal was pinned on his chest. It was for valor in the Boer War, nearly half a century ago.

was restored, state police at Lake Katrine reported.

Elsewhere in the county, minor tie-ups were reported. Troopers at both the Highland and Lake Katrine substations said there were "numerous" reports of trucks jackknifed and slight accidents where fenders were dented.

The temperature which hovered just about at the freezing point caused the snow to pack into a slippery mass, and as evening came there were some cases of glare ice on the highways, state police said.

Although sanding crews were working all night, in some places the relatively high temperatures caused the sand to wash away and several spots had to be sanded repeatedly, it was reported.

The Ulster County Highway Department reported sanding crews working all night and plows were out until about 1:30 a. m. today. The plows were sent out again about 8 a. m. to widen the roadways allowed.

The average snowfall throughout the county was between 5 1/2 and 6 1/2 inches, with the heaviest full reported on the Minerva Mountain, where there was between eight and nine inches, the highway department said. There was very little drifting.

This type of wet snow which makes highways slippery is normal for this time of the year, the state highway department reported. The state also had sanding crews working all night.

have gone on the offensive, a courageous, successful step."

Many observers saw in the new line a Communist answer to the projected North Atlantic pact—an effort to knit together the national Communist parties of western Europe in a policy threatening to undermine their own governments.

Obviously, the Communist maneuver may be aimed at raising in American minds doubts of the solidity of an alliance containing such Communist elements.

Furthermore, by its reiteration of the idea of war and of a pursuing Soviet army the new campaign might also raise fears in the minds of Europeans who are prospective members of the North Atlantic pact.

Whatever the reason, a British observer commented that "we expect a turn like this about every month or six weeks. How far the new course will be followed we cannot of course tell, but we expect for some time now we will be hearing provocative declarations intended to make non-Communist countries uneasy about the reliability of their own peoples."

Rough Going Forecast

Washington, March 1 (AP)—President Truman's new "home relief" program seemed headed for rough going today as lawmakers critically eyed its size and cost. The proposal to grant federal financial aid to all needy people is part of a huge Social Security expansion plan introduced—without endorsement—by Chairman Doughton (D-N.C.) of the Ways and Means Committee.

Bill Is Worked Upon

Washington, March 1 (AP)—The Senate Foreign Relations Committee went behind closed doors today to put finishing touches on the \$5,580,000,000 European recovery bill. Chairman Connally (D-Tex.) said the committee might be able to wind up work on the authorization measure in short order—but that he doubted it.

Saleswoman Is Held For Illegal Adoption

New York, March 1 (AP)—A 56-year-old divorcee employed as a corset saleswoman was at liberty under \$500 bail today on charges that she operated an "illegal nation-wide baby adoption business."

The woman, Mrs. Alice R. P. Satterthwaite, pleaded innocent to formal charges that she violated the State Social Welfare Law through placing of infants for adoption. She also pleaded innocent to a second-degree perjury charge that she signed a false affidavit in an adoption case.

District Attorney Frank S. Hogan described the case as "horrendous beside solicitation of mothers for 'the wholesale placing of infants for adoption on a national scale.' He charged that she 'circumvented the law which is designed to protect children' and that many persons to whom she gave babies had been rejected by approved social welfare agencies."

Hogan said Mrs. Satterthwaite often housed expectant mothers in her upper Fifth avenue apartment and often gave them pre-natal care while making arrangements for the boarding and adoption. He said she also visited hospitals and talked to unmarried mothers and that in the last four or five years she had placed hundreds of babies.

The New York Social Welfare Law prohibits anyone but an authorized person or agency from boarding out children for adoption.

The district attorney said Mrs. Satterthwaite is a Canadian citizen and for the last five years has been employed as one of several sales managers in the New York area for the Spencer Corset Company of New Haven, Conn.

Previously she was a social worker in hospitals in this county and Canada.

Five Are Sentenced

Munich, Germany, March 1 (AP)—A U. S. military commission today convicted five Europeans of espionage and sentenced them to prison terms ranging from 12 to 30 years. The five, three Germans and two Poles, were convicted of obtaining information for a foreign power. Sentenced were: Theodor Szedziol, 33-year-old Pole and alleged ringleader of the gang, 30 years; Roman Knopp, 36, a German and a former railroad employee, 20 years; Rudolf Badura, 31, a Pole, 12 years; Georg Koldziej, 59-year-old German, 12 years; Helmut Scholtz, 22-year-old German, 12 years.

U.J.A. Victory Won By Morgenthau, Montor

New York, March 1 (AP)—The controversy over administration of the United Jewish Appeal has ended in a victory for Henry Morgenthau, Jr., and Henry Montor.

The Board of Directors of the United Palestine Appeal voted last night to approve Morgenthau as general chairman and Montor as executive director of the \$250,000,000 campaign of the United Jewish Appeal. Other groups previously took similar action.

The controversy had involved important Jewish organizations in the United States and Israel. The directors of the U.P.A. voted 52 to 0 to comply with the decision of the Jewish Agency Executive that Morgenthau, former secretary of the treasury, and Montor should be renominated to head the campaign. Thirty board members abstained from voting.

Dr. Abba Hillel Silver, leader of the group which did not vote. He had resigned as head of the American section of the Jewish Agency for Palestine when the Jewish Agency Executive approved Morgenthau and Montor.

The U.J.A. is a fund-raising agency for the U.P.A. The joint distribution committee, the United Jewish Appeal, was formed in 1947.

Aged Kerhonkson Man Dies on Bus

Erwin B. Dettmer, about 60, a part-time resident of Kerhonkson, died on an Eagle Bus enroute from Kingston to Kerhonkson about 6:15 p. m. Monday, Coroner Arthur C. Chipp reported. Death was due to natural causes, he said.

Floyd Bowes, driver of the bus, told the coroner that he heard a man coughing in the bus when he was passing the Midway Garage between Stone Ridge and Kripplush, but because of the bad condition of the highway he did not pay much attention until he arrived at Kripplush.

When the bus stopped at that hamlet, Bowes discovered that the passenger was dead. Coroner Chipp was notified. The body was taken to the H. B. Humiston Funeral Home in Kerhonkson.

Coroner Chipp reported today he has been unable to contact any relatives.

Final Performance Of Academy Play Will Be Tonight

The final performance of "Anne of Green Gables," presented by the drama committee of the Academy of St. Ursula will be given tonight at St. Joseph's School auditorium at 8 p. m. The play is from the lovable child's book by the same name written by L. M. Montgomery and adapted by Alice Chadwick.

The students of the academy gave their first performance of the play Sunday night at St. Mary's School hall. Yesterday afternoon at a dress rehearsal for tonight's production, the children of Sacred Heart Orphanage were invited to view the play.

The plot concerns Anne, an orphan, and her trials of adjusting herself to the home for which she was destined. Those who recall the story know this was difficult since the home was that of the elderly couple, Matthew Cuthbert, and his sister, Miss Marilla Cuthbert. The influence of a home life was depicted as Anne grew into womanhood.

The young girls played their parts exceedingly well although at times the dialogue was too lengthy to sustain genuine interest. Joan Anne Van Roesen as Marilla and Rosemary Conway as Rachel Lynde played two of the most difficult parts of the older woman. June Wendt was adorable as Matthew Cuthbert, who was famous for not taking sides in an argument. Joan Wolnoski was the particularly attractive mother of Anne's best friend, and Lorraine Feasel played the part of the minister's wife.

Anne with all of her day dreams and impulsive temper was enacted by Mary Sheehan. Her best girl friend, Diana, was played by Anne Keating, and the jipsome Josie Pyc by Antonette Venditti. Other young friends were played by Jeanne Henderson and Doris Mohan. Rosemary Weisaupt was Gilbert Blythe, the most important boy in the girls' lives; and Mary Anne Dwyer played the part of Moody Sargeant.

The set was in keeping with the Victorian era and the costumes were particularly lovely. Some of the dresses were authentic and others were in the period style with high lace collars, flounces at the hemlines and huge wide satin bows. The hair was braided and tied with immense satin bows in hues to harmonize with the dresses.

When the New Pallis State Teachers College Women's Glee Club sings at the First Baptist Church, Albany avenue, Wednesday night, the choral group will present a program ranging from sacred music to modern operetta selections and humorous American folk-tunes. The concert will begin at 8:15 p. m. and proceeds will go to the church building fund.

The program will be as follows: Evening Prayer, Lasso; Sanctus, Gounod; No Blade of Grass, W. Fr. Bach; Duo Seraphim, Victoria; Standchen, Schubert; Let All My Life Be Music, Spross; Invocation to Orpheus, Peri; Belis, Phillips; An American Psalm, Sanders; I Couldn't Hear Nobody Pray, Ezekiel Saw the Wheel, and Were You There?, spirituals; Say It With Music, Berlin; Stogie Pumpa, Shortnin' Bread, Thru the Years and Frog Went Courtin'.

C.D.A. Annual Banquet Held

Court Santa Maria 164, Catholic Daughters of America, held its 37th annual banquet Thursday night at the Stuyvesant Hotel. The Rev. Benjamin Kuhn, professor of mathematics at Siena College, Loudonville, as guest speaker, urged all members to pledge anew the faith that was shown when they joined the organization, and to remember that all their actions reflect the ideals of the Catholic Daughters.

Speaking of the world conditions he said: "We should appreciate more that has been done for us and urge greater loyalty, first of all to our families, then to Christ and His Church and thirdly, to our great nation where under the Bill of Rights we live so well. We should encourage such feelings for them in our youth and this great land will be made greater and stronger by a youth population which is taught loyalty to these three ideals."

Reports were given on the various projects of the club since its founding in 1912. The Rt. Rev. Msgr. Martin J. Drury and the Rt. Rev. Msgr. Stephen P. Cornelly congratulated the court and the Rev. Austin V. Carey warned the members of the need for complete loyalty to the church.

During the evening the group enjoyed entertainment on the Solovox presented by Roger Baer; piano accordion selections by Mrs. Vero Nessel; solos by Mrs. Frank Dobbins and community singing with Mrs. E. R. Gedney at the piano.

Other clergy present were the Rev. Joseph Conyns, pastor of the Church of the Presentation, Port Ewen; the Rev. John F. Kelly, St. Peter's Church, Rosendale; the Rev. James Dunnigan, St. Ann's Church, Sawkill; the Rev. Raymond Hyland, St. Mary's Church, Saugerties; the Rev. John Flaherty, St. Mary's Church, Kingston.

Also present were members of Stamford Court of C.D.A. and members of the local court from Albany and Saugerties.

Band Director Joins Music Studio

ANTHONY MEROLA

Roger Baer, director of the Roger Baer Studios has announced the engagement of Anthony Merola to teach brass instruments and band classes.

Mr. Merola is well known among bandmasters as a fine organizer of young people in band and concert field. In 1937 he organized the Staten Island Boys' Band which was engaged to appear at the World's Fair in New York. He also organized the Champion drum corps of the Police Athletic League in Staten Island and the drum corps at the various Boys' Club of 14th street, New York city.

He was graduated from the Conservatory of Music at Naples, Italy, and was soloist in the Italian city bands for many years. Merola came to America in 1911 and played in the Garibaldi Opera Co. in New York. He also appeared as cornet soloist with various concert bands throughout the United States.

For many years Merola was first cornetist in the Keith New York Theatre where he played for outstanding show people such as Al Jolson, Eddie Cantor, Pat Rooney and others. He also was a cornetist in the Metropolitan Opera Company orchestra.

At present he is living in Glenside where he organized instrument classes for the Glenside school band. He will teach band classes in the studio. Also for out-of-town school children who desire to learn band instruments, he will organize bands in the surrounding communities. He will teach brass instruments privately at the studio, where enrollment is to be made.

SLEEPING DEATH

By HOWARD W. BLAKESLEE
(Associated Press Science Editor)

New York, March 1 (AP)—Sleeping pills kill about 1,000 persons yearly in the United States.

A nationwide sampling by the Associated Press shows a steady, postwar rise in these deaths. More serious than the deaths, it indicates mental deterioration as a widespread penalty for misuse.

The misuse is due to a common custom. You take them without a doctor's advice. This is done most by the rich, the very poor and by criminals.

The pills are barbiturates. In the underworld they are called Goo!

Blue Heaven, Yellow Jackets and Devil's Capsules. These names are from the pills' color, with no relation to contents.

Barbiturates are one of the 10 most valuable drugs. Used by doctors they do not cause even accidental deaths. There are about 30 varieties on the market, and about 1,500 others that could be made. A little more than 100 tons of them are made annually in the United States. This is 11 grains or more for every American. Fifteen grains can cause death of some persons, while others stand 200 and live.

If you fear your approaching operation, the surgeon gives you a sleeping pill, and you stop worrying. Maybe you sleep, too, but ending the worry is the tip on the potent power of barbiturates.

The pills quiet nerves, prevent epileptic convulsions, relieve St. Vitus dance and convulsions of rabies. They are antidotes for the convulsions of strychnine, cocaine and some other poisons. They are one of the world's most valuable medicines. But doctors watch for signs of dizziness, rolling eyes, hallucinations, thick speech or temporary paralysis of limbs.

Some Have Laws

Many states have laws permitting sale of sleeping pills only on a doctor's prescription. But bootlegging gets around these laws in

Why the mixture does not kill the youths is not clear. Maybe they don't take enough. But doctors warn against drinking after taking sleeping pills. In Boston last summer two women mixed pills and alcohol. One died in a few hours. The other lived a few days.

Yet in a New York hospital for narcotic addicts and alcoholics, sleeping pills and whiskey are given with very good effects. This success under a doctor's watchful eyes highlights the risk.

Reactions are varied. People are different. Anyone taking them on his own initiative risks more than he thinks. These pills depress the nerve centers in the brain. They work on your mind.

Redeemer Church Announces Coming Lenten Services

The series of weekly Lenten services to be held every Wednesday at 7:45 p. m., at the Evangelical Lutheran Church of the Redeemer, Wurts and Rogers streets, will open with a service of worship and Holy Communion on Ash Wednesday at the same hour, it was announced today.

The general theme for the series is "The Passion of Christ and Man's Need." The sermon topics for the Wednesday services in Lent, as announced by the Rev. David C. Gaise, pastor, follow:

March 2, Christ and Sin, Holy Communion; March 9, Christ and Pain; March 16, Christ and Trouble; March 23, Christ and Fear; April 6, Christ and Death; and April 13, Christ and His Church.

The incidental music and choral selections have been chosen in harmony with the themes for each service by Frederick Richens, organist and Leonard Stine, choir-master. The schedule of services for Holy Week will be announced at a later date.

For the first time in a number of years, the sacrament of the Lord's Supper will be administered on Ash Wednesday in addition to the regular service of Holy Communion on the first Sunday in Lent.

The pastor has indicated that the usual liturgy for the Lenten services will be followed at the Ash Wednesday service at the conclusion of which those who wish to commune may remain for the confession, absolution and administration of the sacrament.

Trinity Lutheran To Start Lenten Season Wednesday

The annual Ash Wednesday service of Trinity Evangelical Lutheran Church, Spring and Hone streets, will be held Wednesday at 7:30 p. m. This is the first of a series of mid-week Lenten services which will be held each Wednesday evening during the Lenten season.

Included in Wednesday's Ash Wednesday service will be a reading of Part I of the History of the Passion of Our Lord. As is the annual custom, the Lenten hymns of the historic church will be sung.

There will be a quiet time during the general prayer for the individual petitions of the congregation. The service will close with the usual Lenten Litany.

The pastor, the Rev. Frank Lawrence Gollnick, will preach the first of a series of sermons on the Lenten theme, "The Call of the Cross." His topic will be "The World Is Gone After Him."

The following musical program has been arranged by Mrs. Willard Burke, choir director, and Miss Lucinda Merritt, church organist.

Prelude, Cavatina, Raft, solo, The Lord Is Mindful of His Own, Mendelssohn, by Miss Donna Hyatt; anthem, Thy Blessings Father, Johnson; and postlude, Souvenir, Nevin.

The senior choir will hold its rehearsal immediately after the close of the service. The Ladies' Aid Society will meet after the service in the church assembly hall.

The public is cordially invited to attend the Ash Wednesday service

and all other Lenten services at the church.

British Building

London (AP)—Britain's building industry will have work to do for 50 years to come, R. Furneaux Jordan, principal of the school of architecture of the architectural association, says at least 95 per cent of the nation's hospitals, theatres, hotels and railway stations will need rebuilding when housing and factories no longer can claim priority. "The actual building program of the next half century must be enormous, comparable to that of the 19th century," he says.

Complete Census

William the Conqueror caused a great census to be made of England, called the Domesday Book, which enumerated all possessions down to the last pig, ox and cow.

Kingston High to Meet Section 2 Champs March 19 in Saratoga

Section 9 Waives District Play In Class A to Set Up Big Game

Section Nine basketball officials meeting in Newburgh yesterday voted to by-pass sectional competition in Class A, thereby clearing the way for an inter-sectional battle between Kingston High and the winners of Section 2 on March 19 in Convention Hall in Saratoga.

Still Punching

Hoping to be reinstated, Mickey Owen intends to be ready, so punches the heavy bag in Springfield, Mo. The catlike miser who fought for the Cardinals and Dodgers was suspended for five years for jumping to the Mexican League in 1946. He will be 32 this spring.

Philly Feather Aims For Bout With Pep

Philadelphia, March 1 (AP)—Percy Bassett set his sights today on a shot at Willie Pep's world featherweight boxing title.

The 20-year-old Philadelphia negro figured he had earned a chance at the 125-pound crown with 28 victories in 29 bouts, including a slashing, bloody 10-round triumph over Lew Jenkins at the Arena last night.

Bassett took all the former lightweight king from Sweetwater, Tex., had to offer and then gave as much in return.

The decision was unanimous for Bassett, who gave four pounds to the veteran Jenkins. Bassett weighed 128½, Jenkins 132½.

Dulin's 25 Points Pace Connelly Cages Triumph

Dick Dulin's 23 points paced the Connelly cage to a decisive 49-31 victory over Hurley in a basketball game played at Wilkes School hall. The winners rolled up a 33-18 lead in the first half.

Landers paced Hurley with 10 points. The boxscore: Connelly (49)—G. Lamoreaux 6, R. Lamoreaux 2, Dulin 25, Wilson 9, Mendock 6, Murphy 1. Hurley (31)—Lawore 9, Schenck 9, Landers 6, Hickey 5, Hendrickson 6, T. Hickey 1.

Columbia University's baseball team opens its season on April 2 against Manhattan College, and closes June 4 with a game against Army at West Point. Sixteen games are scheduled.

Brooklyn—Leo Milito, 134, New York, outpointed Eduardo Carrasco, 132½, Peru (8). Omaha—Joe Danos, 150½, Denver, and Phil Burton, 142½, New York, drew (10).

Resigns Title!

JOE LOUIS

Miami Beach, Fla., March 1 (AP)—Joe Louis today announced his formal resignation as the world's heavyweight boxing champion to National Boxing Commissioner Abe J. Greene.

Louis' resignation was presented by Harry Mendel, the Brown Bomber's publicity agent.

The heavyweight champ himself was not present, but his bow from the ring throne, which he held longer than any other man, was in the form of a letter signed by Louis.

Also present at a meeting called by Greene to announce the formal resignation was Flamen B. Adee, president of the National Boxing Association.

Charles Shades Maxim in Close Bout But Adds Little to His Prestige

Dempsey's Assistant Starts Retirement

New York, March 1 (AP)—Perry Grogan, the man credited with pushing Jack Dempsey back into the ring in his fight against Luis Firpo on Sept. 14, 1923, is retiring today from the Western Union Telegraph Company.

Firpo smashed Dempsey through the ropes in the first round of that memorable fight. As Dempsey came down into the working press section, Grogan leaped to his feet, caught Dempsey and shoved him back into the ring. Dempsey knocked Firpo out in the next round.

Grogan has worked for Western Union for over 56 years. He began as a messenger in 1898 when he was 11 years old.

Sports of the Day

(By The Associated Press)

Basketball
New York—St. Louis and Kentucky were invited to participate in the National Invitation basketball tournament at Madison Square Garden March 12-14-17 and 19. St. Louis accepted and Kentucky is expected to accept officially today.

Baseball
Players signed: Vic Lombardi, pitcher, by Pittsburgh (N.L.). Peanuts Lowrey, outfielder-third baseman, by Chicago (N.L.).

Fort Monmouth Wins

Fort Dix, N. J. (AP)—Fort Monmouth, last year's champion, opened defense of its first army basketball championship with a 49-24 victory over Fort Hamilton last night. In other games, Fort Devens scored a 68-39 victory over Tilton-General Hospital, and Fort Hancock topped West Point, 44-40.

Cincinnati, March 1 (AP)—Ezzard Charles outpointed Joey Maxim in a 15-round split decision fight here last night, but it is doubtful if he added anything to his prestige as the outstanding challenger for Joe Louis' heavyweight title.

The slender, hard-punching Cincinnati Negro had to come from behind to cop the nod of two of the three judges. Many of the fans yelled their disapproval of the decision.

Charles, weighing 181½ pounds—the heaviest he has ever scaled—showed two glaring weaknesses. He was a sucker for a left hook and he could not get away from Maxim's left jab.

Charles gambled on a win against the fancy stepping Cleveland, who weighed 184. He had little to gain, because after his knockout victory over Joe Baisi in Madison Square Garden several months ago, Louis himself had voted him as just a out the foremost contender.

All he did gainfully, it seemed in the Cincinnati Garden press box, was to add to his bank account.

Maxim Explains
Some of the sports writers gave their unofficial decision to Maxim, who was always busy, jabbing, hooking and falling in while Charles carried the bout to him.

Maxim carried his attack through the sixth, seventh and eighth, then slowed down.

Charles, a great guy to keep trying, then began to catch up and in the last three rounds moved ahead.

"I shouldn't have coasted those last three rounds," Maxim said. "I coasted through the last three rounds on the advice of my handlers. I think I won. It was a helluva fight."

Charles, smiling broadly in his dressing room, called his rival "a real clever boy."

In The Pocket

with CHARLIE TIANO

Bagatelles:

It's only one man's opinion but we think Clark Mains would be better off signing a Kingston Colonial Class B contract than accepting terms with the New York Giant farm system at \$150 per month in Class D "somewhere in Ohio." Some fans hold to the belief that a prophet is without honor in his own country and have discouraged any ideas Mains entertained about signing with the Colonials. We feel that Mains would be a stellar attraction with Kingston and that he wouldn't be pushed too hard by Julie Laviano. He would be home half of the time and have the solid backing of baseball fans.

Academics Hot When Kingston Isn't There:

With pressure off, Newburgh Free Academy's high powered quintet swamped Fallsburg, 75-43, in the DUSO League finale to the Middletown High for second place. Monticello lost to Port Jervis, 45-48, and finished in the DUSO cellar with one and five and that is one of the big mysteries of the season.

On the basis of returning veterans and brilliant players moving up from that gargantuan Jayvee squad, Newburgh should be a prohibitive favorite to wrap up the DUSO crown next season. Beyond the fact that Kingston will show up for both scheduled bouts with N.E.A., we predict nothing.

Flotsam and Jetsam:

President Ted Laviano of the Colonials is expected to make a surprise announcement concerning television in the next few days. Manager Julie Laviano feels the Colonials will be pennant contenders with a good first baseman and catcher; also a long ball hitting outfielder. Zeke Bonura who sold his interests in the Stamford club to Johnny Gentile is back home at 1503 Industry street in New Orleans, looking around for another job as playing-manager. Annual Adirondack A.A.U. Golden Gloves scheduled in Christian Brothers Academy, Albany, March 15 and 16. Marty Crandell, Syracuse University's sensation sophomore heavyweight will go after his first intercollegiate title on March 11 against Penn State's Chuck Drzenovich, whom he has already defeated in a dual meet. Best looking amateur prospect these days is Jim Hardy of the Berkshire School in Canaan.

Of Men and Mice:

Isn't it a little silly that, with all his "phenoms and oversupply of talent Branch Rickey can't come up with a third sacker or a first baseman? . . . Gorgeous George and company proved at Madison Square Garden a few nights back that what goes big in television can't always be taken straight. The mat freak, who vows them in smaller arenas, seemed strangely out of place in a ring where spectators are used to seeing action. Those poison pen sports writers didn't help either. The Gorgeous One hasn't a body, as Golden Superman the reformed strong man pointed out, in a pique, no doubt. We go along with Confucius' admonition to wash your face in the morning, neck at night. George "Sugar" Scherger, 1947 Kingston pilot in the North Atlantic League, will manage the Three-Rivers, Quebec club in the Canadian-American League this season. Most girls don't mind having their figure admired but don't try to read it in Braille.

Jake Chichelsky's Corner:

Dewey Logan has created an incentive for Central Mixed League kiegars by donating a box of candy to the woman and a high grade shirt to the man shooting the highest total over their base average. Gert Whalen should be congratulated for baking that beautiful cake for March of Dime kiegars. It was delicious. Ella Lowe, one of our undereated female kiegars, throws a terrific hook into that 1-3 pocket. Wonder if a 300 game would make Harry Pierce smile? Bulletin: Norma Thomas informs us she will resume her bowling in August. How come August . . . Norma? . . . It's better late than never, so we'd like to congratulate Jake Francis for that beautiful advertising display at the Central Rec. Looks like Jack Hartman is out of his slump. Hy Arlensky has a smooth delivery but his pineapple lacks the power of that thrown by brother, Mitzie.

Another schoolboy story I like is about the sad little fellow in Sunday school class who exclaimed when he saw a picture of Christian martyrs in a den of lions, "Gee, look at that poor lion way in the back, he won't get any."

" . . . and I worship the ground her father struck oil on."

Gardner Grabs Third Straight

Ralph Gardner, the new "phoenix" of the city pocket billiard tournament, moved into undisputed leadership last night by polishing off Mac Forie, 125-69, at the Kaschik Parlor.

The victory was Gardner's third straight without a setback. Gardner's revamped style was responsible for a quick opening 25-1 lead. Forie rallied in the next two racks and pulled up to within five balls 29-24, but Gardner took command at that point and breezed to the win.

The tax expert-gofer-cueist held varying leads of 36-31, 76-42, 103-60 and 119-63. His best runs were 14 and 15, while Forie clicked for 13 and 15.

This usual Wednesday match has been postponed until Thursday when Bob East and Frank Schilling clash in a 125-point feature at 7:30 p.m.

Kentucky Bids For Two Crowns

New York, March 1 (AP)—Kentucky, the nation's No. 1 college basketball team, today is expected to make official its plans for going after a tournament "grand slam."

This will be done, sources close to the team say, by announcing simultaneously acceptance of bids to play in both the big post-season eliminations—the National Invitation and the N.C.A.A.

Kentucky and St. Louis received formal bids yesterday to compete in the invitation tournament at Madison Square Garden March 12-14-17-19. St. Louis accepted promptly. There was a mysterious silence at Kentucky.

Adolph Rupp, coach of the Wildcats, said last night he hadn't gotten around to his office and thus had not received any invitations. But it's reported on good authority—from more than one quarter—that Kentucky will reply affirmatively today to both the important R.S.V.P.s.

Team Sets Pace

New York, March 1 (AP)—The team of Angelo Fe Bacco of New York, N. J., and Henri Surbatsis of Greece continued to set the pace in the 69th International Six-Day Bike Race at the 22nd Engineers Armory New York city at six a. m. today. Several bids were made to overtake the pace setters but all were unsuccessful. Fans saw some unprecedented wild riding for this stage of the grind.

Milwaukee Team Leads in A.B.C.

Atlantic City, N. J., March 1 (AP)—Let it never be said that wet or damp weather in this city affects the possibilities of high scores in the American Bowling Congress tournament here.

Thousands of bowlers throughout the nation, who have yet to shoot in the 46th annual competition in Convention Hall, have had that idea because of the poor showing some teams have made on wet days.

Four teams blew that misconception of facts right out of the tournament building last night when the Hustling Printing Co. team of Milwaukee rolled into first place with a 2,973 total and Altes Beer, of Pontiac, Mich., went into third spot with a 2,883 score. Both teams included games over the 1,000 mark in their series as did the Weigand's Tavern team of Bellevue, Ky., and the Maron Finance Co. of Ardmore, Pa.

Hustling Printing had a 1010 score for the second game of its series which also included a 998 and 965. Altes Beer shot a 1013 for its second game and had 911 for its first and 959 for its third. Weigand's Tavern, of Bellevue, Ky., had a 1014 game and the Maron Finance quintet rolled a 1005. There hasn't been that kind of bowling since the tournament opened February 11, regardless of the weather.

Charles Horveth, a 46-year-old executive of the Bucyrus-Erie Corp. of Milwaukee, who led off for the Hustings quintet, got a good start for the all-events with a 243, 203, 210—656 series in team competition. He will bowl his doubles and singles today.

Simpson Takes Honors

Portland, Me., March 1 (AP)—Bill Simpson of Bates ran away again this year with scoring honors in the Maine college basketball series. Final compilation today showed the brilliant forward from Elmhurst, N. Y., led in all departments. He had 58 floor goals, 77 free throws and a total of 193 points for nine games—an average of 21.4.

Colonial Baseball League Moguls Map 1949 Plans

Officials and owners of Colonial League franchises look happy after spending three hours grappling with a suitable schedule for the 1949 campaign which opens on May 4. The meeting held Sunday at Fred Eisler's Stuyvesant, was attended by representatives from five of the six clubs in the circuit. Seated, in usual order: Bobby Sherwood, business manager of the Waterbury Timers; Ted Laviano, Kingston Colonial president; Mayor Oscar V. Newkirk, who extended the official welcome of the City of Kingston; President John Scalzi, and Lou Baselle, owner of the Poughkeepsie Chiefs. Standing Fred Eisler, host; Charles J. Tiano, Freeman sports editor; Johnny Gentile, Stamford Pioneer owner; Henry "Duke" Del Po, business manager of Bridgeport and Julie Laviano, newly appointed Kingston Colonial manager. The moguls decided to reduce the schedule to 130 games and start the season a week later. (Lane Photo)

Q—Who was the first U. S. woman senator to be elected without first having been appointed to serve out her husband's term?
A—Margaret Chase Smith, whom Maine elected to the Senate in 1948.

Q—Has any commercial method been perfected for extracting gold from the sea?
A—The total gold and silver content in 300,000,000 cubic miles of ocean is more than man has ever found on land. But no commercial method has yet been perfected whereby these precious metals can be extracted from the deep on a profitable basis.

Q—Why are the Japanese called Nipponese?
A—The Japanese are known as Nipponese because Nippon is the name by which the inhabitants have known their country since about 670 A. D.

Q—Does the British government own the Suez Canal?
A—It does not. The Suez Canal is owned by an international corporation in which the British government owns stock and maintains official representatives.

Q—What was meant by the trivium?
A—The three liberal arts — grammar, logic and rhetoric — classified in medieval schools as the lower group of the liberal arts, were known as the trivium.

Regents' Maneuver Runs Into Snag

Albany, N. Y., March 1 (AP)—A Board of Regents-Democratic deal to spark Governor Dewey and strip the state university trustees of power was jeopardized anew today by defection of Queens county legislators.

Informed sources said the loss of the Queens delegation yesterday imperiled an agreement between the Regents and minority Democrats to return control of 31 state-supported colleges to the Regents.

The deal involves Democratic support of a Regents-sponsored bill introduced by Senator William F. Condon and Assemblyman Elisha T. Barrett, both Republicans, to relegate the trustees to the role of a planning agency.

This is the well-substantiated report of behind-the-scenes negotiation which has puzzled many observers.

Appreciating that Democratic leaders would enjoy embarrassing the Republican governor, the Regents enlisted their support behind the Condon-Barrett proposal. The Democrats even had a hand in the drafting of the bill.

It was agreed that they would do their best to deliver a 100 percent Democratic vote for the Regents bill providing sufficient Republicans would abandon Dewey's leadership to insure passage.

Democratic leaders made no announcement of their position on the measure pending determination of the degree of Republican support.

As the Democrats marked time, James A. Roe, Queens county Democratic leader, and Frank A. Kenna, Republican chieftain, announced that the county's delegation of 11 Democrats and five Republicans would back the Dewey plan.

Roe explained his surprise action by saying that Queens county Democrats favored leaving control with the trustees on the theory that this would be more likely to bring about the establishment of a new medical college in Queens.

Since it is uncertain how many Republicans will break with Dewey to back the Condon-Barrett measure, the loss of the Queens delegation is reported to have forced the Democrats to re-evaluate their position.

Observers say they have called for a new strategy from Democratic State Chairman Paul E. Fitzpatrick, who is vacationing in Florida.

The Regents made a strong bid for Democratic support behind the Condon-Barrett measure Friday when they said that the bill was "a green light to the state university trustees to create new facilities."

Would Purchase Island — Riverhead, N. Y., March 1 (AP)—The Suffolk County Board of Supervisors started machinery moving in a bid to purchase 840-acre Plum Island, for years an army post at the eastern tip of Long Island. The board said it has been notified the island, no longer used by the army, will be offered for sale shortly by the War Assets administration. The island was known as Fort Perry when it was an army base. It was understood the island, if bought, will be made into a recreational area.

Tan Gen-po at Shihchiachwang and the mayor of Nanjing, the paper said.

The newspaper said the plot was thwarted on February 18 by the arrest of ringleaders.

The Nanking newspaper, Yishih pao, giving its source as the Shanghai unofficial peace delegation to the Communists in Peiping, said the Communists no longer insisted on the punishment of "war criminals" as one of the stipulations for peace.

The stipulation was one of eight peace conditions laid down by the Communists.

The National Salvation Daily, which long has opposed Premier Sun Fo, said editorially the premier should resign "before the people rise up and eject him forcefully."

The newspaper's independent editor, Kung Teh-po, said Sun's removal of the cabinet to Canton created "near panic and serious financial dislocation."

Various members of the legislative body have been urging Sun's ouster since he took off for Canton with his cabinet late in January.

Meanwhile, informed sources said formal negotiations for peace in China will be opened in Peiping as soon as the Communists dispose of details which are delaying the appointment of official Red delegates.

Evictions Will Continue
New York, March 1 (AP)—Eviction proceedings are under way against 646 families in the city's low-rent housing projects whose incomes exceed \$5,000 a year. The New York City Housing Authority disclosed the eviction proceedings yesterday. Some of the families have total incomes far above the \$3,600 maximum set for the apartments. For the present, only those families with incomes exceeding \$5,000 are being pressed to make way for lower-income home-seekers. Action is expected to be taken later against about 12,000 families in the income brackets between \$3,600 and \$5,000.

By 1948, more than one million barrels of crude oil were being produced daily from oil fields in the Middle East.

Senators Consider Code Commission
Albany, N. Y., March 1 (AP)—A measure to create a building code commission to formulate statewide building codes is now before the senate.

The proposal was introduced by Senator William F. Condon, Yorkers Republican, last night. It was recommended by Governor Dewey, who has contended that current local building codes have been one of the principal causes for high construction costs.

Condon's bill would establish a five-member commission appointed by the governor. The chairman would receive \$15,000 annually and other members \$12,000. At least one member would be an architect and one an engineer.

Original appointments would be for two to 10 years. Subsequent appointments would be for 10-year terms.

The measure was sponsored by a joint legislative committee which has been studying construction problems for three years.

It follows closely ideas outlined early last month by Dewey after he conferred with leaders of the building trades unions, contractors, mayors and other municipal officials.

At that time Dewey said that uniform building requirements were needed to encourage the use of modern methods in construction. He said that present local codes require use of specified types of lumber, plumbing and electrical equipment and other materials.

and that he proposed statewide codes to permit builders to use materials of their choice.

Condon's proposed commission would be directed to formulate statewide codes to permit "the fullest use of modern technical methods."

Before establishing the regulations the commission would be required to conduct public hearings.

England still has 37 toll bridges in use.

It follows closely ideas outlined early last month by Dewey after he conferred with leaders of the building trades unions, contractors, mayors and other municipal officials.

At that time Dewey said that uniform building requirements were needed to encourage the use of modern methods in construction. He said that present local codes require use of specified types of lumber, plumbing and electrical equipment and other materials.

and that he proposed statewide codes to permit builders to use materials of their choice.

Condon's proposed commission would be directed to formulate statewide codes to permit "the fullest use of modern technical methods."

Before establishing the regulations the commission would be required to conduct public hearings.

Senators Consider Code Commission
Albany, N. Y., March 1 (AP)—A measure to create a building code commission to formulate statewide building codes is now before the senate.

The proposal was introduced by Senator William F. Condon, Yorkers Republican, last night. It was recommended by Governor Dewey, who has contended that current local building codes have been one of the principal causes for high construction costs.

Condon's bill would establish a five-member commission appointed by the governor. The chairman would receive \$15,000 annually and other members \$12,000. At least one member would be an architect and one an engineer.

Original appointments would be for two to 10 years. Subsequent appointments would be for 10-year terms.

The measure was sponsored by a joint legislative committee which has been studying construction problems for three years.
